Dear Sam:

It has come to my attention that you now the new owner of the old Vern Christensen Water rights that were associated with the Beaver River Distribution Account 100050. Since I failed to change the account ownership into your name prior to the 10% delinquency fee being applied this year, you are not responsible for that additional charge. However you are responsible for the net assessment charges as shown in the amount of \$99.90. (109.89-9.99=\$99.90)

Enclosed is the account ledger- screen print, along with the current invoice. You can subtract the delinquent fee per the math above and once we receive a check, I will write off the \$9.99. showing the account as paid in full for this year.

I was looking at your other account 100003, and there is a credit balance of \$267.23. If you would like, I can apply that surplus from that account towards the account that is now due. If you want this applied as such please call or send me an email regarding your desires.

Thanks for your cooperation and understanding in this matter. I look forward to hearing from you in the near future.

If you have any questions, I can be reached at 801 538-7430 or MikeSilva@utah.gov

Sincerely,

Mike Silva
Distribution Engineer, Field Services
